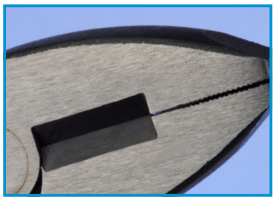
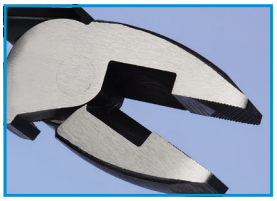
PROUDLY MADE IN THE U.S.A.

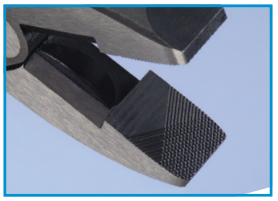
Smooth nose
Slides in/out of pouch without scratch or tears



Knife-to-knife cutting blades



High-leverage hot-riveted construction
requires less cutting force



Fine grained cross-hatched nose grabs wire without damage to fine strands

Large head
for superior force and optimum fit to ream conduit

American made
custom alloyed steel

Hot forged frames with black oxide
for lifetime of professional use

Leopard spots
sweat-relief pattern in grips

Sure-Grip™ textured grips
are impervious to hydraulic fluids, gasoline, oils and other chemicals

IDEAL LIFETIME GUARANTEE

MADE IN USA QUALITY

Fish tape puller

Crimp die

Color-coding and FastFinder™ letter markers on the inside of our Smart-Grip™ handles provide quick tool identification, even by touch

Linesman

Tongue & Groove

Crimper

Diagonal

Dipped Grip

Heavy duty textured PVC grips provide superior comfort and improved grip for everyday commercial use. The durable dipped grips bond to the steel plier handles during our proprietary immersion gripping process.

- Heavy-duty, textured grip
- Excellent fit, form, and functionality
- Dipped hot for uniform shape, optimum adhesion and perfect form

Smart-Grip™

These pliers provide professional results for everyday use. These tools are the workhorse of electrical pliers; they are rugged yet precise, providing exceptional durability, easy cutting and a lifetime of quality use.

- Color-coded and FastFinder™ icons for quick identification and organization
- Raised letter icons facilitate identification of tool with just the quickest touch
- Leopard-spot pattern, molded Into the textured grip for improved control
- Grips are impervious to gas, oil, and hydraulic fluid.

Insulated Grip

The IDEAL® insulated tool line creates a perfect blend of safety, comfort and precision functionality. Each tool features double insulated textured handles with a soft, easy-to-grip outer surface. In addition to the ergonomic qualities found in our tools, the insulated coating process acts as an ‘at-a-glance’ safety check. If the orange outer coating reveals any of the inner yellow surface, an electrician will know that this tool needs to be replaced.

- Dual-layer injection molded grips provide 1000V protection from electrical shock
- UL logo on every plier validates each tool is individually hot tested and approved prior to shipping
- Meets or exceeds ASTM standards
- Leopard-spot pattern, molded into the Santoprene® grip for improved control
- Grips are impervious to gas, oil, and hydraulic fluid

Not all Insulated Grip tools are made in the U.S.A.

THE FULL-LINE OF IDEAL® PLIERS

	Dipped Grip	Smart-Grip™	Insulated Grip
Linesman Pliers Feature knife-to-knife cutting blades, high leverage pivots, cam-action fish tape puller and dual crimp dies.			
Multi-Crimp Tools Cuts, crimps and splices 10-22 AWG wires for insulated and non-insulated crimp connectors.			
Diagonal Cutters Straight handle Smart-Grip™ model features an integral spring which can be deployed or stored as needed. Angled head model is shaped for optimum staple pulling leverage. *Not pictured: 35-028 Non-angled head, 35-3029 Angled Head			
Cable Cutters Precision ground, by-pass cutter blades provide smooth, easy cuts up to 2/0 copper or aluminum.			
Long-Nose Narrow profile head for working in tight spaces. *Not Pictured: 35-036 (6 in.)			
Tongue & Groove Flush-ground rivets provide greater access into tight spaces and never loosen up. *Not pictured: 35-426 (7 in.), 35-430 (10-1/2 in.), 35-440 (13 in.)			

OUR COMMITMENT WITH OUR MADE IN THE USA COLLECTION

For more than 100 years, IDEAL® Electrical has had a proud history of producing the highest quality tools by marrying innovation with tradition. It's that American ingenuity that runs through everything we do, especially our commitment to producing tools here, a hallmark of our "Made in the USA" collection.

It's not just about making high quality tools, it's about making them the right way; with American steel and American labor, right here in the USA. Look for our Made in the USA badge for tools that are American through and through.

UNMATCHED QUALITY

These products, proudly produced in the USA, have been supplied to the government and armed forces for decades where they are routinely used in some of the harshest environmental conditions. We believe that when Americans need tools they can rely on, those tools should be American-made.

BUILDING OUR COMMUNITIES

Not only do we build the tools that build our world, but we are unceasing in our support for community on a local level; union and non-union from trade schools to professional organizations. We support this industry and are committed to keeping and creating more American jobs because of it.
