

# Clearly visible safety chain makes your life easier

Flexibility and efficiency with modular marking system

Schneider Electric™ safety-chain identification for TeSys™ D contactors lets you:

Quickly locate the safety chain at a glance

Easily customize and adapt the control panel at any time

Make the most of your energy<sup>SM</sup>

**Schneider**  
Electric™

# Simple, customizable modular marking system

## Standard TeSys D contactors

Easy-to-attach covers:

Auxiliary blocks for more contact points:

**Flexibility** to customize contactors included in the safety chain during panel building

**Simpler and faster** maintenance with 100% visibility

**Safety covers** and auxiliary blocks prevent screwdriver contact with poles

## Built-in safety

TeSys contactors are certified according to IEC 60947-4-1 for safety applications, thanks to integrated mirror contact.

# Complete safety-chain identification system

## TeSys D range

Retrofit contactor safety covers
